**RE: To the Men and Women of the Strathroy-Caradoc Fire Department –
Melbourne Fire Station**

Greetings,

It is no surprise that the daily sacrifice of volunteer firefighters has always been an integral cog in protecting lives and property within any community. The services that volunteer organizations provide to our municipality are never taken for granted, however no organization stands out more than the women and men of a volunteer Fire Department.

This self-sacrifice is what truly makes our communities "Some Place Special". Your contributions to the community go much further than providing safety. Every day of the year and every minute of the day, your members protect and serve us in an unselfish manner. Each and every firefighter, training instructor and officer on the Department deserves praise for their hours of hard work, and acknowledgment that their efforts truly make a difference in the lives of our citizens.

I would like to like to take this opportunity to offer our appreciation to the women and men of the Melbourne Fire Station who help to serve Southwest Middlesex citizens. We extend a sincere thank you for the lifesaving services and good deeds you bestow on our municipality.

Yours Truly,
